

## **Eureka Outsourcing Solutions emplaces its footsteps in US Market**

**NEWARK, N.J. - Aug. 9, 2021** - Eureka Outsourcing Solutions, one of the leading Business Process Management Company in India is now ready to embark its footprints in the US market. It offers comprehensive BPM and ITES services for both Onshore and Offshore operations in the American Market. As one of the fastest-growing consumer markets in the world, the American Continent has progressively become the foreground of the BPM and ITES industries.

With the potential to multiply assets and expand globally, it has never been more important for organizations to ratify a broad approach towards scaling up their businesses. This is where EOS's range of BPM and ITes services comes in.

The International market for EOS will mainly start with the country of tech innovations- US as the prime location for expansion having its operational office in **Newark, Delaware**. After the US, EOS will move ahead expanding in other countries as well.

**Abhinav Arora, CEO** confidently stated that "EOS, has been in the forefront of delivering the best results to our customers. Our extensively updated technologies and features have brought a revolution in the way organizations make profits. While on the other hand, ERA (Electronics and Robotics Automation) has given businesses flexibility in bringing forth a virtual workforce that works round the clock,

i.e. 24 x 7, and can be trained on multiple skill sets. I would like to thank my team for their continual and dedicated efforts to bring about this launch in the international market and we are looking forward to satisfying every customer."

### **About EOS**
