

EOSGlobe Puts People First: Hiring 15,000 Employees Over the Next Three Years

New Delhi, India - February 14, 2023 - EOSGlobe, a leading provider of BPM services, is taking a bold step forward in the current economic landscape by hiring **15,000 employees** over the next three years. This move goes against the trend of companies laying off workers and instead showcases the company's commitment to empowering and supporting its employees.

In addition to providing new opportunities for job seekers, this hiring initiative will also bring fresh perspectives and ideas to the organization, driving innovation and growth. EOSGlobe is looking for individuals who are passionate about their work, eager to learn and grow within the organization, and who will bring unique skills and experience to the team.

EOSGlobe recognizes that the success of the company is closely tied to the success of its employees, and it is committed to providing the resources and support needed for their growth and advancement. The company values employee development and provides opportunities for career advancement and professional growth, including mentorship programs, workshops, and training sessions.

"At EOSGlobe, we believe that our employees are the heart of our company. By hiring 15,000 new employees, we are not only supporting our current workforce but also creating opportunities for individuals who are seeking employment during this challenging time. This hiring initiative is a testament to our commitment to our employees and to our belief in their potential to drive positive change and growth for our company and the wider community." - **Abhinav Arora, Director and CEO of EOSGlobe.**

EOSGlobe is confident that this hiring initiative will not only improve the lives of its employees but also have a positive impact on the company's customers and the wider community. By putting people first and investing in its workforce, EOSGlobe is demonstrating its industry leadership and commitment to a brighter future for all.
